PROS: -had potential if the creators gave a crap. CONS: -Sucked!!! -No music except for maybe like 30 secs worth. -doesn't really tell you what to do. -that's about it.. Fun little P&C game. Easy enough and short. Pros: Fun Easy The thing that P&C games have to do is to make sense on what items to use and whatnot, and it does make sense. most of the time. So that's good. Cons: No dialogue No music (besides like here and there the same thing Barely any SFX Short Final verdict: If you're a fun of P&C games you're not missing anything, but if you find it on sale or a bundle, I'd say get it. Nothing to lose with a short little story. I'm giving this a thumbs up cuz I'm definitely getting the 2nd episode on sale (ofc) whenever.. My Youtube Let's Play: Pt 1: <https://www.youtube.com/watch?v=nDAjqPIW3WI> Pt 2: <https://www.youtube.com/watch?v=Q9ByiZ31sd4> I really enjoyed this one! I love point/click adventures & games of this genre & found the artwork, audio, & writing to be very entertaining. It is definitely worth it if you haven't seen full playthroughs & want to enjoy a cool funny adventure for yourself. I did find it hard to progress through the game since some of the items are not hinted well enough, & took me a couple of hours to figure out on my

own without looking online for help, as you can see in my Let's Play Links above.. This was the darkest tale of revenge that I have ever encountered. Never have I seen a soul so depraved and so psychopathic in his quest to destroy those who wronged him. And I watched Star Trek II: The Wrath of Khan 5 times!!!! BUT WHAT ABOUT THE PEE SOCK? Will it return in the sequel? Only time will tell, but this humble reviewer eagerly awaits the next installment of the Johnny Bonasera series.. Very nice game. Puzzles are well designed and really mind demandant. Had to crash my brain very often to acomplish the goals. Really entertaining, I recommend this game.
